

Press Release

Paris, October 25, 2010

Kurma announces a consulting agreement with IDinvest Partners

The agreement concerns a portion of the Biotech portfolio managed by IDinvest Partners, representing 87 million Euros invested.

About Kurma Biofund

Kurma Biofund is a new venture capital fund based in Paris and dedicated to innovations in Life Sciences and Healthcare. The fund has a unique positioning based on financing assets with near term realizations (3 to 5 years) for both technology transfer projects and mature projects. Kurma relies on very high quality investment opportunities generated through a network of partnerships in France and abroad with leading research institutes and a strong experienced team combining managing partners, venture partners and a strong network of scientific experts. Kurma Biofund I has closed a first round of financing of 50 million euros on the 24th November 2009.
